

---

**JOHN G. GUNN**  
**OWNER/VICE PRESIDENT**

---

As a member of one of the founding families, John joined XDG Construction in 1977. He graduated in 1989 from Conestoga College of Applied Arts and Technology with his carpenter journeyman certification. In the fall of 1980 John worked for XDG Regina Ltd. There he was involved with the O'Brien Landscaping Building. From 1987 through 1994 John worked in Canada and internationally. During this time he accepted an opportunity to work abroad in Cuba for XDG International and helped construct the Pab Expo Exhibition Centre, the José Martí International Airport Terminal 2 and the first five star hotel in Santiago de Cuba. John has personal hands-on construction experience and knowledge that encompasses more than 32 years in all facets of the industry. He has performed and evolved through the roles of Labourer to Apprentice; Journeyman to General Superintendent; and subsequently, Vice President and Owner. In January 2001 John formed a partnership with Carl Harris. John's wealth of experience and strong leadership has been instrumental in ensuring attention to detail and superior client satisfaction is a high priority for XDG. These attributes have helped establish the company's solid reputation for integrity and dependability in the industry.
